

# NORTH COAST MEDICAL TRAINING COLLEGE

## List of Requirements

### A. LEARNING MATERIALS

- i. Box files-4
- ii. Ream of ruled foolscaps-1
- iii. Apart from the hard copy books in college library for reference and the E-books which the student can access through the computer network system, nevertheless students can carry any medical books they already have.

### B. LAPTOP

We have a computer lab with internet access that can be used by all students. However, we encourage parents to buy laptops for their children because of the following reasons:

- i. Students with laptops can access most of our learning materials wherever they are within the college compound, without necessarily going to computer lab or library. They can access the internet through WIFI.
- ii. Besides the internet as a source of information and E-books, we have our E-learning platform to which our students get also to access lecture notes and do online exams
- iii. Besides every student is encouraged to have a smart phone or tablets.
